NOTES:

GENERAL

- Do not scale from this drawing.
- This drawing to be read in conjunction with other contract drawings.
- This drawing to be read & printed in colour.

CONSTRUCTION

- Works shall comply with the current Department of Transport Specification for Highway Works.
- Contractor is to allow for the removal of all existing road markings affected by the works.
- All new road markings to be in accordance with the "Traffic Signs Regulations and General Directions 2016" and the "Traffic Signs Manual, Chapter 5".
- All new road markings to be hot applied thermo plastic.
- All tactile and other hazard warning paving to be installed in accordance with the "Guidance on the use of Tactile Paving Surfaces".
- All existing gully gratings and frames within the area of Highway works to be upgraded to the new Class D400 cycle friendly gully gratings and frames.

CDM (RISKS & HAZARDS)

- Prior to commencement of construction the contractor is to liaise with all relevant statutory undertakers and protect / divert apparatus and to protect the workforce during the works. Any damage caused to the apparatus to be the responsibility of the contractor.
- Contractor to undertake their own statutory plant checks on site prior to the commencement of excavation exercise.
- The contractor is to make sure that any excavation should be adequately covered at night to protect both public and wildlife from becoming trapped (please refer to the City of Westminster standard detail No. SD-05-26 - Cycle Friendly Gully).

DISCLAIMERS

- The topographical survey information has been provided by MSA Survey (drawing No. 4188-T), and TTP shall not be liable for any inaccuracies or deficiencies.
- The internal layout has been provided by Assael Architecture Limited (drawing No. A2494 SK19.03 05_01 (PFS Ground Floor)).
